We do not carry down here the descendants of this Tompkins
girl, because we have a book giving all the details with
much valuable historical and biographical material re this
remarkable family. This book was a gift from its compiler
our very good friend Edwin Wallace Bell of Vancouver BC.
This book was privately printed but may be in some libraries
We have one of these and an extra copy will be sent to
Captain Robert H Tompkins of Corpus Christi Texas for
safekeeping, a very rare book and an excellent one.

There are conflicting accounts re the descendants of Samuel Marsh and William Hayward, and Priscilla Tompkins The record we saw in Los Angeles stated that President William Howard Taft was descended from this Hayward and Priscilla Tompkins. This is incorrect. William Hayward had 16 children by 1st wife Sarah Butterworth. We find no record any children of Priscilla by William Hayward but list these by Samuel Marsh.
