Equal chances can be descended from the NJ line or the Va line from William son of Robert # 412.

We list several small groups in Pennsylvania and have
several others of 2 or 3 persons who probably all
related. Those tracing back thru this state and 1850
to 1870 will find many in census records not in this
work. Quite a few came there from England and Ireland
in the 50s and 60s, mostly miners. We did not have time
to check all Penn census records.

ABRAMS MSS Vol. I

We disagree with this account in a few instances. But this MSS contains many descendants of the girls who we do not follow down in our book re Descendants of Girls.

Original MSS of this Abrams I is in some library at Rochester NY, the name we have lost due to moving from coast to coast. It was not the City Library as we believe it had a name something like Grosvenor Library.

Those wishing to follow the girls down more generations than shown in our Clan of Tomkyns, can find it is this Rochester library.

There are also discrepancies between our version and the Abrams version as to the early Tompkins, notably descendants of Stephen of NY m. Anne. There has always been some dispute as to these tho Bolton has it as the Abrams I has. But we disagree with Doctor Bolton in this as have some other researchers as to this particular family.

But this Abrams MSS both volume I and II are very valuable indeed and gave us much data had we not found it, and the family should always be thankful that Miss Antoinette Abrams was so much interested in family lore as to gather it for us.

Tho our papers will probably eventually go to the Filson Club at Louisville Ky, the copy of Abrams I we have will then be sent to Captain Robert H Tompkins of Corpus Christi Texas to file with the carbon copies of our other works. But data in it can be found in the Grosvenor Library at Rochester.

All the Tompkins in both Abrams MSS are in our big MSS Clan of Tomkyns but these Abrams MSS contain further data re descendants of girls than shown in our Descendants of Girls part.

...

THE ABRAMS MSS Vol II
compiled by Miss Antoinette Abrams
of New York. Copy to us thru courtesy
of Mr Charles Elijah Abrams of Troy NY

..

Coincides in some phases with the MSS
by Mr Gouverneur Jay Tompkins of Salt
Point NY ..

What differences there may be in this
version and our big MSS The Clan of
Tomkyns, have occurred several times
in the opinions of several researchers.
We still believe our version in Clan of
Tomkyns most acceptable, per the evidence
we have found during 25 years of research.

As the data in Abrams II is in our main
tabulation, we only list here the descendants
of the girls which our main MSS refers to
in the descendants of girls' section.

Pages referred to appear herein in (...)

...

The Richard Washburn Genealogy by Ada C Haight has many of these and probably carries them down further than any other record anywhere.

Serial numbers preceding each name here is the serial number in the original Abrams II MSS which enables one to know the parentage of the Tompkins girl.

The Abrams MSS.

INDEX D.

As this item lists only descendants of Tomkins-Tompkins girls, it will be of little value to those who still bear our surname.

Therefore, to publish it in connection with the other papers which refer to those of our surname, it is doubtful if there is a real necessity for printing it. The printing would entail quite a large cost and add to the cost of the main tabulation relating to those of our own surname.

But this will be a valuable file for libraries, family societies or other associations interested in such documents.

During the lifetime of this researcher, he will probably keep this MSS, and afterward it will probably be found in the files of the Filson Club of Louisville Kentucky, who have advised that they will be glad to have any such records.

A carbon copy of this and other family records we have gathered during the past 25 years, will be sent to Captain Robert Henry Tompkins of Corpus Christi Texas.

We do not copyright any of these documents, nor will we copyright any book that we may publish hereafter regarding family history or genealogy. Anyone desiring to use this data, is welcome to do so. No book of this kind has ever paid for its production. No one will ever publish a book like this with the expectation of making a profit. So, we are glad to share the product of our long years of research with future researchers, because a large part of what we have found has been given us by those who, themselves spent much time and incurred much expense in gathering it. They gave us what data they could without any reward except the gratitude of this compiler and to be sure, of many others in the generations to follow us along the long, long trail.

As we mentioned elsewhere in our papers, each individual will finally go his way, but the FAMILY, goes on forever; and to the last day of creation as of this insignificant puny earth, some descendant of our forebears will be there to see it.

"Amazing and interesting."—Mrs Alton B. Parker, New York, N. Y.

"Interesting because of extreme length of the lines of descent indicated."—Joseph F. Marron, Public Library, Jacksonville, Fla.

"Most interesting and we have nothing just like it. Some one has done a tremendous lot of research to compile such a record."—Mrs John Trotwood Moore, State Librarian and Archivist, Nashville, Tenn.

"Most interesting and will be helpful to all trying to work out their lines into the old world. We like the way you have outlined both charts and 'Book of Adam.'—Mrs Bertha Baker, Librarian, State Department of History and Archives, Des Moines, Iowa.

"Compact and readable at a glance."—Mrs Florence L. K. Robertson, Los Angeles, Calif.

"You have adopted a clear-cut method of presentation of the data."—Dorothy D. Pieters, Associate Editor, Institute of American Genealogy, Chicago, Ill.

"The simplicity of the chart makes it easy to follow."—Clara E. Wendell, Librarian, The Albertson Public Library, Orlando, Fla.

"It carries the line further back than any other readily obtainable genealogy."—L. Felix Ranlett, Librarian, Bangor, Maine Public Library.

"Reflects the result of much study and patience."—McDonald Miller, Librarian General, Sons of the American Revolution, Washington, D. C.

"Even a cursory glance of the book reveals a wealth of interesting detail and the result of a great deal of effort and perseverance." Catherine T. Sheelenberger, Reference Librarian, James V. Brown Library, Williamsport, Pa.

"A very able, comprehensive work, and one I feel sure must have involved much research work."—Mrs Catherine S. Verrill, British Columbia. (See "Who's Who in Genealogy").

"We take great pride in our collection of family genealogies and we feel that this would not be complete without your 'Book of Adam'."—Stella M. Drumm, Librarian, Missouri Historical Society, Jefferson Memorial, St. Louis, Mo.

"I want two more copies of the 'Book of Adam'."—Mrs Edward T. Agerton, Waynesville, Ga.

"One can come to but one conclusion—a Masterpiece! As you appear to have checked and re-checked for the accuracy of your work you have left little scope for controversy among the exacting and dubious experts in the genealogical field of study. The concise tabulation of descents makes for that necessary lucid perception so much desired."—Walter MacKay Draycott, Alberta. (See "Who's Who in Genealogy").

"Valuable and much appreciated—a masterpiece of compactness yet clearly arranged record. You have gathered a long list of persons who were outstanding characters in the world of their time, and in that list you have shown their blood relationship and descent. This is the result of many long hours of research and no small expense which is but lightly appreciated by those who have never undertaken a work you may well be proud of."—George M. Brown, Genealogist, Huron, So. Dakota.

"We are happy to acknowledge receipt of the 'Book of Adam' with its authentic genealogies. This should be an invaluable accession to our genealogical library, as it occasionally happens that families, being able to trace back their lines to Anglo-Saxon royalty or Charlemagne, would like to complete them under cited authority such as this."—Alfred Decker Keator, Director, State Library and Museum, Harrisburg, Pa.

"Your charts from the various kings are very well executed. They are handy and valuable to anyone doing medieval research."—Ross K. Cook, Genealogist General, Sons of the American Revolution, New York, N. Y.

"I think it is a splendid idea to have your royal lineages in a book."—Mrs. John J. Reimers, Genoa, Nebr.

"It will be fine to have the connecting lineages in a book."—Mrs Earle D. Holmes, Eureka, Calif.

"It will prove valuable to our genealogy department. One of our patrons was in when the book came. She was very much pleased to see the book as she had traced the Briggs family into the lines which you had traced. Your book is very reasonably priced."—Florence Crawford, Librarian, Emeline Fairbanks Memorial Library, Terre Haute, Indiana.

"The 'Book of Adam' was used in our Sunday School."—Hubert Bowen, Genealogy Instr., Ogden, Utah.

"Such a thrill to learn how one came down the line from Adam."—Mrs Benjamin G. Miller, Crete, Nebr.

PREFACE

The Book of Adam completes the genealogies of the Bible that "the seed" may know the covenants of the Lord intend blessings for them and those nations which they rule.

BASKIN

Lilly Belle Bowen-Baskin, grad, State Teachers College, Valley City, N. D., m. Clayton L. Baskin (Correction to record on page 10).

BIGOD

Isabel Bigod was the daughter of Hugh Bigod and the sister of Sir Ralph Bigod.—See "Magna Charta," 1942, by John S. Wurts. (Dr. David Starr Jordan and Sarah Louise Kimball in "Your Family Tree," 1929, cited her as the daughter of Sir Ralph Bigod.)

COEL

Prince Coel was not the same person as King Cole—See "Magna Charta," 1942, by John S. Wurts. (Dr. Anderson regarded them as one person.)

HOWARD

Charles Howard, Earl of Nottingham, has been cited as a descendant of Adam which is not a matter of controversy.

Lady Mary Howard has been cited as the daughter of Charles Howard, Earl of Nottingham, and the wife of Sir William Howard. (See "Scot's of Scott's Hall," by Emma Siggins White, K. C. 1920; "138 Generations from Adam" by George A. Jewett, F.I.A.G. in "The Christian Worker"; and "Charlemagne Pedigree" by James F. Morton 1933.)

Lady Mary Howard was not mentioned as the daughter of Charles Howard, Earl of Nottingham, in "The House of Howard," by G. Brenan and E. F. Statham, 1908 and Neal F. Mears, A.M., declares that the descent of the Earl's property offers no evidence that he had such daughter.

KING

Richard McLaury King is now a Major (Addition to record on page 10 citing him as a 1941 War Veteran).

SCOTT

Henry Scott has been cited as a descendant of Adam which is not a matter of controversy.

Ursula Scott, who married Richard Kimball, was the daughter of Henry Scott who married Martha Whatlock and the descent of Ursula Scott from Adam is not a matter of controversy.
